MR. R. H. INGRAM,

City.

My dear Mr. Ingram:

I return, herewith, copy of order of the Railroad Commission of December 6, 1917. I have no doubt whatever in regard to the question you submitted to me. The order is permissive only; where the words of the order differ in any way from the words of the opinion, the former controls. The order is very plain, namely, that the company is "authorized" to discontinue mountain service. This does not mean that you cannot operate on days which, in your judgment, might turn out to be profitable.

Yours very truly,
